Who We Are

Dexter and Sharpe came into being on the merger of Dexter and Co from Horncastle and Lucas and Sharpe from Boston. This merger took place in 1994.

Dexter and Co had traded for over 25 years prior to this under the control of founding partner David Dexter. Lucas and Sharpe had been in Boston for over 140 years with neither Mr Lucas or Mr Sharpe being around at the time of the merger!

The practice is governed by the Association of Chartered Certified Accountants.

We won a Boston College Apprenticeship Award for 2023

"Supporting Local Apprenticeships"

We work with different colleges from across the county

boston:college 

We currently have apprentices with both Boston and Lincoln college

With almost 80 staff across 6 offices we have a wealth of knowledge to share

With some of our team being with us for almost 50 years, there's a wealth of experience and knowledge to be shared with all.

More than just the numbers

With regular office/team events,
we're not just crunching numbers

From meals, to staff quizzes
Charity fundraising to local events

We're not just
colleagues,
we're a team
